

Keep Crossroads on Your Calendar

Add our events to your calendar. New events and changes will show up as your calendar checks for updates.

First, copy our calendar link

[Click here for the Crossroads calendar link](#)

Right-click the link above and choose **Copy link address** or **Copy link**. You will paste it in the steps below. Use a computer for these steps.

Add it to Google Calendar

1. Open [Google Calendar](#).
2. Next to **Other calendars**, click +. Choose **From URL**.
3. Paste our link. Click **Add calendar**.

Add it to Outlook in a web browser

1. Open Outlook and go to **Calendar**.
2. Click **Add calendar**. Choose **Subscribe from web**.
3. Paste our link. Name it **Crossroads Events**. Click **Import** or **Save**.

Print it or save a PDF with Google Calendar

1. Show the Crossroads calendar. Uncheck any other calendars you do not want to print.
2. Go to the month you want in **2027**. Choose **Month** for a calendar grid or **Schedule** for a list of events.
3. Click the **Settings** gear, then **Print**. Check the dates and page preview.
4. Click **Print**. Pick your printer, or choose **Save as PDF**. For a full year of monthly grids, repeat for all 12 months.

A quick reminder

Use the link to subscribe so you get future changes. A downloaded calendar file is a one-time copy. Changes may take a day or more to show up in Outlook. Paper copies and PDFs do not update. Check our online events calendar before you go.
